REQUEST TO BACKFILL PARCEL B EXCAVATED SOIL - BOEING C-6 FACILITY, LOS ANGELES, CALIFORNIA (FILE NO. 100.315)

We have received and reviewed your Request to Backfill Parcel B Excavated Soil - Boeing C-6 Facility, Los Angeles, California, dated June 1, 1998. The soil was excavated from between the concrete piers present at AOI 1, in Parcel B of the Boeing C-6 facility, and stockpiled along Denker Road. The piers were areas of suspected PCB use. Laboratory data included with the request indicates that PCBs were not detected in the stockpiled soil or below the concrete piers. Based on the above data, you are authorized to use the excavated soil from between the piers at AOI 1, Rectifier Building in Parcel B of the Boeing C-6 facility as backfill material on the site, as requested.

Should you have any questions regarding the above, please contact Hugh Marley at (213) 266-7669.

J.E. ROSS, Unit Chief
